

Online

Navigation

LEARNING OBJECTIVES

- Identify search engines to use in online navigation
- Recognize internet sites as a reliable and non-satirical source for research.

LEARNING OBJECTIVES

- Use the internet as a tool to gather information in creating reflection paper on the nature of ICT in the context of their lives, society, and professional tracks.

ONLINE NAVIGATION

- Online navigation refers to the ability to browse and move around the internet, websites, and digital applications.

ONLINE NAVIGATION

- It involves using a combination of techniques such as clicking on links, using search engines, scrolling, and interacting with menus and dropdowns to access different content and features.

SEARCH ENGINES

- A search engine is a web-based tool that enables users to locate information on the World Wide Web.
- These are websites that allows you to search internet content.

GOOGLE

Google Search Engine is the best search engine in the world and it is also one of most popular products from Google.

Search bar with a magnifying glass icon on the left and voice search and image search icons on the right.

Google Search

I'm Feeling Lucky

Google offered in: [Filipino](#) [Cebuano](#)

BING

- Bing is Microsoft's answer to Google and it was launched in 2009.
- The default search engine in Microsoft's web browser.

Tips in Identifying Good Searches from Satirical Searches

1. If the contents of the source are too impossible to happen, or too good to be true, then there must be something wrong.

Tips in Identifying Good Searches from Satirical Searches

2. If the site started as a false site for public figures such as TV personalities or political figures, then uploaded stories from different sources, it is a satirical one.

Tips in Identifying Good Searches from Satirical Searches

3. If the site is unfamiliar and continuously popping ads, then it is satirical.

Examples of Satirical News

- The 2 years in K-12 Curriculum for Senior High School has been removed.
- You can win 1 million pesos just by answering a given survey form.
- A certain actress/actor is alleged as pregnant being in another country for a long time.

RESEARCH SKILLS

- **Critical Thinking-** ability to reflect on the information presented to you
- **Data Organizing-** organize collected data and track where specific information is gathered
- **Research Presenting-** be creative and reflective

RESEARCH SKILLS

- Be familiar of search engines that you can use in your online search.
- Keep a record of websites, web pages, and online databases that you can access for specific information that you need.

RESEARCH SKILLS

- Know the keywords or key phrases of the topic you are searching online.
- Utilize commercial searching platforms like EBSCO and PROQUEST whenever possible.

RESEARCH SKILLS

- Organize your searched data by keeping them in well-labelled folders of documents in your external or internal storage devices.
- Create a back-up of the files you researched and saved.
- Give credit to your sources.

ACTIVITY

- . Create a step-by-step guide on how to navigate a specific website of your choice. Include screenshots and detailed instructions to help users navigate the website effectively. Submit your guide in a digital format**
